### Job Description

ITC invites the leaders of tomorrow to apply for KITES – ITC's Summer Internship programme. We look forward to selecting students who aspire to intern with ITC's technology function. Knowledge, Initiative & Talent Excellence Series is ITC's Summer Internship Programme designed to provide tomorrow's leaders a unique platform to learn, experience and manage real business situations. Indeed KITES is a one of its kind programme! You will be given an opportunity to experience the rigours of actual work/business scenarios, apply your theoretical learnings 'on the job' and gain precious insights into management, leadership and everyday challenges. In fact, KITES works both ways - while you get to intern with any of ITC's businesses and understand the core process of value-creation, we get re-energised by the host of new ideas, fresh perspectives and compelling observations that you bring to the table! Internships are offered for a period of 8 weeks, during the months of May and June each year. KITES is an extremely important platform that enables us identify exceptional talent from the best of institutions in India, who have the potential to become the next generation of leaders at ITC. You will be awarded Pre Placement Offers of Employment based on your performance during the internship. At ITC, we view KITES (ITC's Summer Internship Programme) as the primary source of selecting talent to join the organisation. Live and critical projects that flow from the business plan of the Division will be assigned to you. You will get to engage with the best-in-class systems and practices in the technology domain whilst being mentored regularly and reviewed periodically. Interns who deliver superior results present their recommendations to the Management Committee of the Division and are offered PPOs. Successful interns are also given an opportunity to pilot their recommendations before the internship period is over. At ITC you will experience an exciting, invigorating and aggressively growing organisation that not only boasts of one of the largest distribution networks in the country, cutting edge technology, proven manufacturing and supply chain prowess, but also possesses a bouquet of indigenously developed world class brands such as Sunfeast, Aashirvaad, Bingo!, Fiamma Di Wills, Classmate, Yippee!, Mangaldeep, Vivel, Engage amongst others.
